<p>Koalas are marsupials that live in Australia. They spend most of their time in trees, eating eucalyptus leaves. Koalas sleep for up to 18 hours a day because they need to conserve energy. These animals are endangered due to habitat loss and climate change.</p>	Fiction	Non fiction
<p>Tommy the turtle loved to race his friends, but he was always slow. One day, he decided to challenge the fastest rabbit in the forest to a race. The rabbit laughed and accepted, confident he would win. However, Tommy had a secret: he had trained to race by practicing every day. In the end, Tommy won the race because the rabbit took a nap during the race!</p>	Fiction	Non fiction
<p>Lucy found a small, glowing stone while walking in the forest. She picked it up and felt a strange energy flow through her. As soon as she touched it, she was transported to a world of floating islands. There, she met a group of flying dragons who showed her how to control the wind with her new powers.</p>	Fiction	Non fiction
